

At KMS Schools, we are committed to working as one in the pursuit of excellence. On Tuesday, November 7, residents of KMS Schools will decide whether to invest \$27.95 million into making critical improvements to address our educational and facility needs. Visit OneKMS.org for more.

QUESTION ONE

Site Map Legend

= New Construction = Renovations

Elementary School — Overall Master Site Plan

Construct a new +/- 120-stall parking lot at to provide additional space for events and improve safety for attendees.

Construct a new cold storage building.

Elementary School Building Improvements

Build a five-classroom addition to our elementary school to provide general classroom space, dedicated specialist space, and remove the district's use of the portable classrooms and lower-level areas.

Renovate the restrooms adjacent to the student dining area in our elementary school to meet ADA accessibility and age-appropriate standards.

Secondary School Building Improvements

Complete improvements to the theater area, including seating replacements, lighting upgrades, an improved sound and lighting booth, and a reconfigured back-of-house area to create a better theater entrance.

Reconfigure the existing administrative offices to provide additional specialist space, including Special Education, academic/career counseling, and mental health.

Upgrade the existing locker rooms to improve shower facilities, lockers, benches, and to meet storm shelter building requirements.

Build an addition to accommodate locker room space needs.

Convert the existing Metal Shop to a new custodial/receiving space and renovate the existing freezer space to provide additional cooler space.

Build a new 11,000-square-foot Career and Technical Education (CTE) addition to provide three new science classrooms, a new Metal/Agricultural Shop, and additional space to expand the CADD Lab to create a Clean Lab Setting.

Renovate our existing FACS classroom.

Renovate existing science rooms to convert space to two classrooms and one flex classroom.

Improve the flexibility and functionality of the existing Media Center by creating spaces to support independent learning and small groups.

At KMS Schools, we are committed to working as one in the pursuit of excellence. On Tuesday, November 7, residents of KMS Schools will decide whether to invest \$27.95 million into making critical improvements to address our educational and facility needs. Visit OneKMS.org for more.

QUESTION TWO

Question Two is contingent on the successful passing of Question One.

Secondary School — Overall Master Site Plan

- Construct a new concessions building with appropriate storage.
- Build a new 900 square-foot addition for staff offices, practice rooms, and additional storage.
- Build a 3,475 square-foot addition for a new green room, scene shop, storage area, and changing/toilet rooms.
- Build a new multi-use field, including a track and field, a grass practice field, bleachers, a press box, and lighting.
- Construct a new +/- 170-stall parking lot to expand our bus drop-off and pick-up loop and provide additional event parking.

Secondary School Building Improvements

- Expand the event restrooms at the secondary school to increase fixture count, and improve accessibility and finishes.
- Add an additional 1,900 square feet onto the proposed CTE addition included in Question One of the plan to support agricultural, science, and FACS programming.

Elementary School — Overall Master Site Plan

- Construct new concessions building with appropriate storage.
- Rebuild the varsity softball field and junior varsity softball field with one additional new ball field in a pinwheel configuration to make better use of the land and meet growing activity demand.
- Create a dedicated fenced area for students to play during physical education and recess.
- Construct a new concrete pad with appropriate lighting to accommodate portable toilets during busy activity seasons.
- If Question Two is approved, the +/- 120-stall parking lot included in Question One would be located where the current varsity softball field resides.
